

Northstar Learning - English

recruitment demo

A fictional recruitment team hiring instructors for school enrichment, summer learning and outdoor education. All people, answers, contact details, interview notes and hiring decisions are synthetic.

Your demo access

Admin password: instructor-demo

<https://instructor-profile-system-23e4f.ondigitalocean.app/admin?demo=1&lang=en>

Language: English. Open the admin link and enter the demo password. No personal account is required.

This workspace contains fictional people, assessments and interview notes. Demo sessions, questionnaires, submissions and exports are separate from live hiring data.

This is a shared demonstration with fictional data. Changes reset when the server restarts or a new version is deployed. Use fictional details only.

Try the complete workflow

1. Choose one of the three recruitment campaigns and review the hiring dashboard.
2. Filter the candidate queue by status, profile, review level or score; open a candidate report.
3. Review the five assessment axes and the original answers, then use the suggested interview questions.
4. Record interview evidence, rate responses, and update the candidate status or recruitment notes.
5. Open a candidate invitation link in a new tab, complete all 50 questions in English, and submit a fictional application.
6. Return to the same campaign to review the new application and download the candidate list, report or demo workbook backup.

Community Learning - Autumn Instructor Hiring

Hire community educators for weekly after-school groups in Boston. Review clear instruction, learner belonging, safeguarding judgment, and coaching practice.

Seeded candidates: 13

Recruiter dashboard

https://instructor-profile-system-23e4f.ondigitalocean.app/admin?demo=1&lang=en&questionnaire_id=demo_main

Candidate assessment

https://instructor-profile-system-23e4f.ondigitalocean.app/?demo=1&lang=en&questionnaire_id=demo_main

Use this candidate link in a separate tab. Enter fictional contact details, complete all five sections and submit. Return to this campaign in the dashboard and refresh to review the new record.

What to explore

Review different stages of the hiring pipeline. Compare a strong applicant with a candidate who needs a follow-up interview. Read the recorded examples, adjust review notes and save a decision.

In Export / import, select demo candidates and download the candidate CSV or report PDFs. A candidate report also provides printable assessment and interview detail.

Outdoor Leadership - Mentor Hiring

Recruit mentors for small-group outdoor learning and youth leadership. Explore boundaries, collaboration, independent judgment, and reflective practice.

Seeded candidates: 12
